## EXPERIENCE

**Zestful Outreach Pvt. Ltd.** | *React, JS, CSS, PHP, MySQL*

February 2024–Present

- Developed custom plugins and themes tailored to client needs.
- Developed dynamic, responsive front-end components using React and JavaScript, enhancing user engagement and usability. Developed and maintained 50+ blogging websites using WordPress, ensuring security best practices were implemented. Successfully managed website migrations and server configurations to ensure optimal performance.

**TECHYOR** | *PHP, MySQL, CSS, JS, Wordpress, Prestashop, FileZilla*

February 2023 – Jan 2024

- Created and customized WordPress and Prestashop sites tailored to client needs, optimizing for performance, responsiveness, and functionality.
- Improved site performance by optimizing MySQL database queries and backend operations, resulting in faster load times and a better user experience.
- Managed secure file transfers using FileZilla, ensuring data integrity and smooth deployments across development and production environments.

## PROJECTS

**(Travel Website) metronearme.org** | *PHP, MySQL, CSS, JavaScript, jQuery, AJAX* March 2024 – July 2024

- Designed to simplify urban travel planning, this site allows users to search and view detailed metro routes, distances, and connections, providing an accurate and reliable navigation solution.
- Implemented AJAX for smooth data loading and filtering, enhancing the user experience by delivering fast and dynamic content without full page reloads.
- Managed database integrations and optimized website performance. (Metronearme)

**Expense Tracker Application** | *React, CSS, JS*

AUG 2024

- This application solves the common problem of tracking daily expenses, helping users gain financial control by monitoring spending patterns and budgeting effectively.
- Utilized React hooks, state management, and responsive design to ensure a seamless user experience across devices. Implemented data visualization using Chart.js, enhancing the app's ability to provide clear insights into expenditure categories. Gained experience in version control with Git and deployment on hosting platforms. (Github)

## ACHIVEMENT

**HackerRank:** hackerrank  
**LeetCode:** Solved 100+ problems  
**Strong debugging skills:** Solving complex issues in website functionality, and cross-browser compatibility.
